in replying please quote No. and date of this letter.

Intimation of Disapproval under Section 346 of the Mumbai Municipal Corporation Act, as amended up to date.

CC/ 6382 /BPES/AM B.S.A. of 2001 2001
13 MAY 2009

MEMORANDUM

Municipal Office,

M/s. Anik Development Corporation C.A. to owner

Mumbai. 2001

2062 4.3.09

With reference to your Notice, letter No. 2062 dated 2001 and delivered on **Prop. Residential Bldg. on sub-plot B on property bearing CTS No. 1A/7, 1A/7, Village Anik Chembur** and further particulars and details of **1A/7 Village Anik Chembur** furnished to me under your letter dated 2001. I have to inform you that I cannot approve of the building or work proposed to be erected or executed, and I therefore hereby formally intimate to you, under Section 346 of the Bombay Municipal Corporation Act as amended upto-date, my disapproval by thereof reasons:

- A. CONDITIONS TO BE COMPLIED WITH BEFORE STARTING THE WORK BEFORE PLINTH C.C.**
1. That the commencement certificate under Sec.45/69(1)(a) of the M.R.& T.P. Act will not be obtained before starting the proposed work.
 2. That the compound wall is not constructed on all sides of the plot clear of road widening line with foundation below the bottom of road side drain without obstructing the flow of rain water from the adjoining holding to prove possession of holding before starting the work as per D.C.Regulation No.38(27).
 3. That the low lying plot will not be filled up to reduced level of atleast 92 T.H.D or 6" above adjoining road level whichever is higher with murum, earth, boulders, etc. and will not be leveled, rolled, consolidated and sloped towards road side before starting the work.
 4. That the specification for layout/D.P./or access roads/development of setback land will not be obtained from Executive Engineer (Road Construction) before starting the construction work and the access and setback land will not be developed accordingly including providing street lights and S.W.D., the completion certificate will not be obtained from Executive Engineer (R.C.)/Executive Engineer (S.W.D.) E.S. before submitting building completion certificate.
 5. That the Licensed Structural Engineer will not be appointed, supervision memo as per appendix XI Regulation 5(3)(IX) will not be submitted by him.
 6. That the structural design and calculations for the proposed work considering seismic forces as per I.S.Code Nos 456-2000, 13920 - 1993, 4326 and 1893 - 2002 as per circular u.no.CE/PD/11945/1 dated 22.2.2006 for existing building showing adequacy thereof to take up additional load will not be submitted by him.

() That proper gutters and down pipes are not intended to be put to prevent water dripping from the eaves of the roof on the public street.

() That the drainage work generally is not intended to be executed in accordance with the Municipal requirements.

Subject to your so modifying your intention as to obviate the before mentioned objections and meet by requirements, but not otherwise you will be at liberty to proceed with the said building or work at anytime before the day of 200 , but not so as to contravene any of the provision of the said Act, as amended as aforesaid or any rule, regulations or bye-law made under that Act at the time in force.

Your attention is drawn to the Special Instructions and Note accompanying this Intimation of Disapproval.

M. S. Bhatnagar
Executive Engineer, Building Proposals,
Zone, 65 Words. AME

SPECIAL INSTRUCTIONS

(1) THIS INTIMATION GIVES NO RIGHT TO BUILD UPON GROUND WHICH IS NOT YOUR PROPERTY.

(2) Under Section 68 of the Bombay Municipal Corporation Act, as amended, the Municipal Commissioner for Greater Mumbai has empowered the City Engineer to exercise, perform and discharge the powers, duties and functions conferred and imposed upon and vested in the Commissioner by Section 346 of the said Act.

(3) Under Byelaw, No. 8 of the Commissioner has fixed the following levels :-

"Every person who shall erect as new domestic building shall cause the same to be built so that every part of the plinth shall be-

"(a) Not less than 2 feet (60 cms.) above the centre of the adjoining street at the nearest point at which the drain from such building can be connected with the sewer then existing or thereafter to be laid in such street"

"(b) Not less than 2 feet (60 cms.) above every portion of the ground within 5 feet (160 cms.) of such building.

"(c) Not less than 92 ft. (3 meters) above Town Hall Datum."

(4) Your attention is invited to the provision of Section 152 of the Act whereby the person liable to pay property taxes is required to give notice of erection of a new building or occupation of building which has been vacant, to the Commissioner, within fifteen days of the completion or of the occupation whichever first occurs. Thus compliance with this provision is punishable under Section 471 of the Act irrespective of the fact that the valuation of the premises will be liable to be revised under Section 167 of the Act, from the earliest possible date in the current year in which the completion or occupation is detected by the Assessor and Collector's Department.

(5) Your attention is further drawn to the provision of Section 353-A about the necessary of submitting occupation certificate with a view to enable the Municipal Commissioner for Greater Mumbai to inspect your premises and to grant a permission before occupation and to levy penalty for non-compliance under Section 471 if necessary.

(6) Proposed date of commencement of work should be communicated as per requirements of Section 347 (1) (a) of the Bombay Municipal Corporation Act.

(7) One more copy of the block plan should be submitted for the Collector, Mumbai Suburban District.

(8) Necessary permission for Non-agricultural use of the land shall be obtained from the Collector, Mumbai Suburban District before the work is started. The Non-agricultural assessment shall be paid at the site that may be fixed by the Collector, under the Land Revenue Code and Rules thereunder.

Attention is drawn to the notes accompanying this Intimation of Disapproval.

Brihanmumbai Mahanagar Palika

Executive Engineer
(Building Proposals)(Eastern Suburbs)

NOTES 13 MAY 2009

- (1) The work shall not be started unless objections are complied with.
- (2) A certified set of latest approved plans shall be displayed on site at the time of commencement of the work and during the progress of the construction work.
- (3) Temporary partition or payment or deposits should be obtained and shed to house and store for constructional purposes. Residence of workmen shall not be allowed on site. The temporary structures for storing constructional material shall be demolished before submission of building completion certificate and certificate signed by Architect submitted along with the building completion certificate.
- (4) Temporary sanitary accommodation or toilet flushing system with necessary drainage arrangement should be provided for site workers before starting the work.
- (5) Water connection for constructional purpose will not be given until the boarding is constructed and application made to the Ward Officer with the required deposit for the construction of carriage entrance over the road side drain.
- (6) The owners shall intimate the Hydraulic Engineer or his representative in Wards at least 15 days prior to the date of which the proposed construction work is taken in hand that the water existing in the compound will be utilised for their construction works and they will not use any Municipal Water for construction purposes. Failing this, it will be presumed that Municipal tap water has been consumed on the construction works and bills preferred against them accordingly.
- (7) The boarding or screen wall for supporting the depots of building materials shall be constructed before starting any work even the supply of materials may be expected to be stabled in front of the property. The scaffoldings, bricks, metal, wood, pipes, debris, etc. should not be deposited over footpaths or public street by the owner, architect, their contractors, etc. without obtaining prior permission from the Ward Officer of the area.
- (8) The work shall not be started unless the owner in obtaining all the objection is approved by this department.
- (9) No work shall be started unless the structural design is approved.
- (10) The work shall not be started until the same is shown to this office. Staff Engineer concerned and authorized person should be called for examining correctness of the open spaces & drain set.
- (11) The application for sewer street connections, if necessary, should be made simultaneously with commencement of the work as the Municipal Corporation will require time to consider alternative site to avoid the excavation of the road or footpath.
- (12) All the terms and conditions of the approved layout/sub-division under No. _____ of _____ should be adhered to and complied with.
- (13) No Building/Drainage Completion Certificate will be accepted non water connection granted except for the construction purpose unless road is constructed to the satisfaction of the Municipal Commissioner as per the provision of Section 345 of the Bombay Municipal Corporation Act and as per the terms and conditions for sanction to the layout.
- (14) Recreation ground or amenity open space should be developed before submission of Building Completion Certificate.
- (15) The access ways of full width should be constructed to water board standard before commencing work and should be adequate to the satisfaction of Municipal Commissioner, including asphalted lighting and drainage before submission of the Building Completion Certificate.
- (16) Box of water, electricity, telephone and gas should be maintained throughout.
- (17) The street side of the open space or amenity should be enclosed by concrete boundary wall of class precast of the size of 270 mm x 1000 mm per 10 sq. meters before payment.
- (18) The compound or retaining should be constructed clear of the road, retaining but with foundation below ground level. The structure should be constructed above ground level of rain water from also than including below starting the work in preparation of the boarding.
- (19) No work shall be started unless the existing structures proposed to be demolished are demolished.

- (20) This Intimation of Disapproval is given exclusively for the purpose of enabling you to proceed further with the arrangements of obtaining No Objection Certificate from the Housing Commissioner under Section 13 (b) (1) of the Rent Act and in the event of your proceeding with the work either without an intimation about commencing the work under Section 347 (1) (a) or your starting the work without removing the structures proposed to be removed the act shall be taken as a severe breach of the conditions under which this Intimation of Disapproval is issued and the sanction will be revoked and the commencement certificate granted under Section 45 of the Maharashtra Regional and Town Planning Act, 1966 (12 of the Town Planning Act) will be withdrawn.
21. If it is proposed to demolish the existing structures by negotiations with the tenants, under the circumstances, the work as per approved plans should not be taken up in hand unless the City Engineer is satisfied with the following -
- Specific plans in respect of existing or removing the existing tenants on floor stating their number and the area of occupation of each
 - Specimens of signed agreement between you and the existing tenants that they are willing to vacate the alternative accommodation in the proposed structure at standard rent
 - Plans showing the phased programme of construction has to be duly approved by this office before starting the work so as not to contravene at any stage of construction, the Development Control Rules regarding open spaces, light and ventilation of existing structure
22. In case of extension to existing building, blocking of existing windows of rooms, to give light and air from other sides should be done first before starting the work.
23. In case of additional floor no work should be start or during monsoon which will cause water leakage and consequent nuisance to the tenants staying on the floor below
24. The bottom of any overhead storage work above the finished level of the terrace shall not be more than 1 metre
25. The work should not be started above first floor level unless the No Objection Certificate from the Civil Aviation Authorities, where necessary is obtained
26. It is to be understood that the foundations must be excavated down to hard soil
27. The positions of the drains and other appurtenances in the building should be so arranged as not to necessitate the laying of drains inside the building
28. The water arrangement must be carried out in strict accordance with the Municipal requirements
29. No new well, tank, pond, cistern or fountain shall be dug or constructed without the previous permission in writing of the Municipal Commissioner for Greater Mumbai, as required in Section 281-A of the Municipal Corporation Act.
30. All gully traps and open channel drains shall be provided with a fitting mosquito proof covers made of wrought iron plates or hinges. The manholes of all systems shall be covered with a properly fitting mosquito proof hinged cast iron cap over in one piece, with locking arrangement provided with a bolt and nut screwed on tightly serving the purpose of a lock, and the warning pipes of the ribbet pretressed with screw or dome shape pieces (like a garden man rose) with copper pipes with perforations each not exceeding 1.5 mm. in diameter. The cistern shall be made easily, safely and permanently accessible by providing a firmly fixed iron ladder, the upper ends of the ladder should be earmarked and extended 40 cms. above the top where they are to be fixed and its lower ends in cement concrete blocks
31. No broken panes should be fixed over boundary walls. This prohibition refers only to broken bottles or to the use of pane glass for coping over compound wall.
32. Rail Outlets should be provide as required by Bye-law No. 5 (a)
33. Architraves should be provided over Door and Window opening
34. The sign should be laid as per section 254 (1) (a)
35. The inspection chamber should be plastered inside and outside
36. If the proposed structural work is to be carried out on old buildings and structures, it should be done at your own risk Owner
