LOCATION

The project is in Koparkhairane. Kopar Khairane is a part of Navi Mumbai. It was built primarily on reclaimed land by CIDCO. Kopar Khairane railway station is in sector-8A and is present on the Harbor line of the Mumbai Suburban Railway. Koparkhairane is a big industrial hub. One factor that has ostensibly led to this is the presence of many big corporate offices in the vicinity in the MIDC area of Mahape. The locality houses some of the biggest business parks such as Millennium Business Park, and has corporate offices for Reliance, L & T Infotech, L & T Control & Automation Unit. The area also has enormous residential towers such as Balaji Gardens and FAM Society Ltd. If you are planning to shift to Koparkhairane then Sector-11,12,14,15, 20 are best suited for families.

PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project Propscore is given.
