The project is in Sanpada. Sanpada is a residential locality developed by CIDCO. In recent years, the locality has witnessed a healthy growth in development and real estate prices because of its well laid out infrastructure. Sanpada is connected to Mumbai, Thane and Pnavel via the Harbour Line. The Sion-Panvel highway cuts through Sanpada, making the locality further well connected. PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project Propscore is given. The purpose of the Propscore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
