## LOCATION

The project is in Talaja. Talaja is a locality which is situated in the northeastern part of Navi Mumbai. To decongest the main areas and fulfill the need for affordable housing, Talaja has emerged as a locality with great new residential projects and prospects. As it is a developing area, most of the important social infrastructure is available in the nearby areas like Kharghar and Kalamboli. Basic amenities such as schools, hospitals, markets, and other retail stores are present in the locality to cater to the daily needs of the local population. The industrial hub of Talaja has many small, medium, and large-scale industries. Talaja is located around 12 kms away from the CBD Belapur by the Mumbai-Pune Expressway. Talaja has great connectivity to other parts of Navi Mumbai like Kharghar, Kalamboli and Vashi.

## PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project Propscore is given. The purpose of the Propscore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
