Residential Projects in MMR

WE HELP YOU MAKE THE INVESTMENT

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

LOCATION

The project is in Kalamboli. Kalamboli is an up-and-coming locality in Navi Mumbai. It is famously known as the transportation hub of Navi Mumbai as it is located at the junction of Sion-Panvel highway, NH4, Panvel bypass, NH 17, and Mumbai Pune Expressway. As the area comes under CIDCO, the infrastructure development is likely to take shape faster. Kalamboli has many excellent schools and colleges nearby including MES Dyanmandir School, Oxford International School, Tatkera College, and KLE College. Kalamboli is also famous for its iron and steel delivery centers in India. Despite being close to prominent micro markets and commercial hubs like Taloja MIDC and Kalamboli Steel Market, the locality offers a plethora of affordable property options.

PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is arrived at for each category and then a combined project Propscore is given. The purpose of the Propscore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
