Residential Projects in MMR

WE HELP YOU MAKE THE INVESTMENT

Propscience is India's first direct to customer research-driven real estate portal specializing in residential real estate. We are not backed or associated with any builder, bank, or broking firm, nor do we offer any property management services. We are an unbiased entity focused solely on providing accurate and frequently updated information to prospective homebuyers and homeowners of under-construction properties in MMR.

We offer homebuyers and new home owners detailed information across 450+ data points along with several decision-making tools to help them make the best assessment of their prospective investment. At present we have over 2000 projects visible on our site, spread across MMR, catering to varied ticket sizes.

LOCATION

The project is in Dadar (East). Dadar is an important commercial and residential hub of Mumbai. Railway stations in Dadar connect to both the Suburban Railway Line and the Indian Railway Line making it a transit point for thousands of commuters daily. It also houses important inter-state bus terminals and railways stations. Dadar is popular for its shopping centres and educational institutes. Five Gardens Park is a popular recreational park in the area. The area is cosmopolitan with a vibrant mix of Hindus, Parsis, and Muslims. The Dadar Parsi Colony is known to have some of the most expansive residential buildings in the city.

Post Office	Police Station	Municipal Ward
Naigaon	Dadar Police Station	Ward G North

Neighborhood & Surroundings

The locality is semi cosmopolitan. A few communities and professions dominate the area. The locality is prone to traffic jams during rush hour. The air pollution levels are 34 AQI and the noise pollution is 51 to 85 dB .

BUILDER & CONSULTANTS

Bombay Realty is a part of the two hundred- and eighty-two-year-old Wadia Group that has several successful ventures such as Britannia, Go Air and Bombay Dyeing under their umbrella. Bombay Realty intends to define Mumbai's skyline with two iconic projects: Island City Centre (ICC) in Dadar and the Wadia International Centre (WIC) in Worli. These projects will offer world class residences, serviced apartments, hotels, office spaces, retail spaces and more.

REPORT SUMMARY

Expected Benefits

The project offers spacious 3BHK & 4BHK apartments that are above average in size compared other projects offering the same configurations in the vicinity. The entire project is spread across a large land parcel, interspersed with landscaped gardens providing residents with ample space. Most apartments in the projects have uninterrupted views and a fair amount of privacy. All flats come with state-of-the-art interiors, WIFI enabled and home automation. The project has received its OC certificate and the construction of all common amenities and areas has been completed (as per documents uploaded on the MahaRERA website).

Perceived Shortcomings

There are 84 complaints registered against the project on the MahaRERA website. There are 26 ongoing litigations filled against the project, 25 being civil case and 1 being a criminal case filled in the District Court of Jamshedpur. Several cases have been filled by disgruntled mill workers, there is no clarity (as per documents uploaded on the MahaRERA website) as to whether they have come to an amicable resolution. The approach road to the project is not well maintained. The immediate connectivity and conveniences of the project is poor as there is no popular retail or supermarket chains, restaurants or entertainment centres within a 3km radius of the project.

PROJECT PROPSCORE

Propscience uses a unique and highly proprietary algorithm to arrive at Propscores for every project it covers. This score is calculated out of 100 points. Through our detailed research we gather over 500 data points of information about each project. These data points are broken down into categories (mentioned below). An individual score is

arrived at for each category and then a combined project Propscore is given. The purpose of the Propscore is to help you evaluate the distinct value you can hope to derive from each aspect of the project.
